

PRIOR AUTHORIZATION DELAYS TREATMENT FOR VISION PATIENTS

SOMETIMES PATIENTS ARE REQUIRED TO WAIT

before getting the medication their doctor prescribed.

DELAYS IN TREATMENT CAN CAUSE:

Unnecessary
pain

Worsening
symptoms

Poor quality
of life

**PHYSICIANS
AND PATIENTS,
NOT INSURANCE
COMPANIES,**
should determine
which treatment
works best.

Prior authorization is a battle
**PATIENTS AND PROVIDERS
SHOULDN'T HAVE TO FIGHT.**
